

SAFETY DATA SHEET (SDS)

In accordance with UK REACH and Regulation (EC) No 1272/2008 (CLP)

Product Name: High Temperature Crepe Paper Masking Material – Rubber Adhesive

Product Type: Pressure-sensitive crepe paper masking material with rubber-based adhesive, supplied as tapes, masking dots, die-cut shapes and sheet formats.

Supplier: SCH Services Ltd

Address: Newburgh Building, McLintock Way, Barnsley, S70 6BF, UK

Telephone: +44 (0)1226 249019

Email: sales@schservices.com

Emergency Contact: +44 (0)1226 249019

Issue Date: 19-Jan-2026

Revision: B

1. Identification of the Substance / Mixture and of the Company / Undertaking

Relevant identified uses:

Masking material for electronics manufacturing, conformal coating processes, surface protection and industrial assembly.

Uses advised against:

Not intended for food contact or medical implantation applications.

Supplier details:

SCH Services Ltd

Newburgh Building, McLintock Way

Barnsley, S70 6BF, UK

Tel: +44 (0)1226 249019

Email: sales@schservices.com

2. Hazards Identification

Classification according to Regulation (EC) No 1272/2008 (CLP):

Not classified as hazardous.

Label elements:

No hazard pictograms, signal words or hazard statements required.

Other hazards:

Combustible if exposed to open flame. Mechanical processing may generate dust which could cause minor mechanical irritation. Adhesive contact may cause mild skin irritation in sensitive individuals.

3. Composition / Information on Ingredients

Article composed of:

- Crepe paper carrier
- Rubber-based pressure sensitive adhesive

No hazardous ingredients present above reportable concentration limits under CLP.

4. First Aid Measures

General advice:

No special first aid measures required under normal handling.

Inhalation:

Not a likely route of exposure.

Skin contact:

Wash with soap and water if irritation occurs.

Eye contact:

Rinse cautiously with water if irritation occurs.

Ingestion:

Not a probable route of exposure. Seek medical advice if discomfort occurs.

5. Firefighting Measures

Suitable extinguishing media:

Water spray, foam, dry chemical, carbon dioxide.

Specific hazards:

Material will burn if exposed to flame. Combustion may produce carbon monoxide, carbon dioxide and other irritating fumes.

Protective equipment:

Firefighters should wear self-contained breathing apparatus and protective clothing.

6. Accidental Release Measures

Personal precautions:

No special precautions required.

Environmental precautions:

Prevent large quantities from entering waterways.

Methods for cleanup:

Collect mechanically. Sweep or vacuum debris and dispose in accordance with regulations.

7. Handling and Storage

Handling:

Use under normal industrial hygiene conditions. Avoid open flames.

Storage:

Store in a cool, dry, well-ventilated area away from ignition sources.

8. Exposure Controls / Personal Protection

Engineering controls:

No special controls required.

Personal protective equipment:

Not normally required. Wash hands after handling.

9. Physical and Chemical Properties

Appearance: Natural paper tape

Odour: Mild rubber odour

Solubility: Insoluble in water

Specific Gravity: Approx. 1.6

Flash Point: Not applicable (solid)

Auto-ignition Temperature: Not determined

Explosive Properties: Not applicable

10. Stability and Reactivity

Stability:

Stable under normal conditions.

Conditions to avoid:

Open flame, excessive heat.

Incompatible materials:

Strong oxidising agents.

Hazardous decomposition products:

Carbon monoxide, carbon dioxide when burned.

11. Toxicological Information

No specific toxicological data available for the finished article. Based on composition and intended use, no adverse health effects are expected under normal handling conditions.

12. Ecological Information

No specific ecological data available. Product is not expected to present an environmental hazard under normal use.

13. Disposal Considerations

Dispose of in accordance with local and national regulations. Dispose as industrial waste where appropriate.

14. Transport Information

Not regulated as dangerous goods under ADR, IMDG or IATA.

15. Regulatory Information

Product is not classified as hazardous under Regulation (EC) No 1272/2008 (CLP).

All substances are compliant with UK REACH requirements where applicable.

16. Other Information

The information contained in this SDS is based on current knowledge and is intended to describe the product for health, safety and environmental requirements only. It does not constitute a guarantee of any specific property.
